

Renee Fox was selected from a group of Deakin University candidates to undertake a three-week internship at Baseball Australia in the Marketing and Commercial Department.

Renee was a pleasure to work with and to have as part of our team. She is thorough, diligent, professional, and was always punctual to work.

Although relatively new to the sports Marketing and Commercial aspects of a National Sporting Organisation, Renee went above and beyond to learn the mechanics of the organisation.

She offered considered questions, solutions to problems and her can do attitude did not go unnoticed with other staff and key stakeholders.

It has been a pleasure getting to know Renee and having her join us at Baseball Australia. I would not hesitate to recommend Renee for future internships or employment opportunities and wish her all the best for the future.
